

CHILD ABUSE PREVENTION MONTH RESOURCE BOOKLET

February 2024

Secretariat of Child and Youth Protection

CONTENTS

April is designated National Child Abuse Protection Month. We are called through scripture and teaching to protect the life and dignity of the human person. Throughout the year, but especially in the month of April, all are asked to increase awareness, to educate ourselves and the community, and to seek healing for those who have been so tragically impacted by this horror. The Secretariat of Child and Youth Protection created this resource booklet in the hope that all will find opportunity to promote this mission and protect those who are in need.

Jesus Is Calling Us Deeper

HE PROMISES TO RESTORE AND RENEW HIS PEOPLE

Our world is hurting. We all need healing, yet many of us are separated from the very source of our strength. Jesus Christ invites us to return to the source and summit of our faith in the celebration of the Eucharist. The National Eucharistic Revival is a movement to restore understanding and devotion to this great mystery here in the United States by helping us renew our worship

NATIONAL EUCHARISTIC PILGRIMAGE

May 17, 2024 – July 16, 2024

This will be one of the largest Eucharistic pilgrimages in history. Just as crowds followed Christ throughout his earthly ministry, our nation will process with our Eucharistic Lord over 6,500 miles—through cities, along highways, and past rural towns—on his way to the 10th National Eucharistic Congress.

NATIONAL EUCHARISTIC CONGRESS

July 17 – 21, 2024

Indianapolis, Indiana

At this historic gathering, Catholics from every corner and every parish in our nation will come together in Indianapolis to reconsecrate their hearts to the source and summit of our faith. Every movement needs a moment... this is ours!

Week 1 *Did you know...* Child abuse comes in many forms. Most people identify child abuse as physically hitting a child. Neglect is also a form of abuse. Failing to provide a child with proper nutrition, housing and supervision can cause irreparable harm. Expectations that a child be an active participant in the care of home and family, or even age-appropriate jobs is a part of healthy development. But excessive demands can cross into a form of servitude that is beyond the societal norms. Child pornography is a form of sexual abuse, with real victims in every image. The viewing of these images is an offence against the human dignity.

Week 2 *Did you know...* Child abuse can occur in every culture and every socio-economic demographic. Peer reviewed research, especially that of the past 30 years, repeatedly shows this to be true. This same research indicates that the vast majority of child abuse occurs at the hands of someone known to the victim. Those who seek to do harm to children will pursue opportunities that provide access to children and may even ingratiate themselves into the home. You can protect children by respecting the safe environment protocols established at youth serving organizations. More importantly, you can implement many of these protocols in your home and be ever observant and vigilant in all public and private settings.

Week 3 *Did you know...* Hope is rising. Throughout scripture there is evidence that we are called to be ambassadors of hope and healing. Did you know children of abuse long to hear this message of hope. Victims of crime, their family and loved ones need to know that their voices are heard. Organizations throughout the nation are striving to share the message that He has risen and there is hope. Each of us has a unique ability to support individuals who are hurting, to promote healthy relationships, and to build communities that are safe from those who may want to do harm. How has He called you to be an ambassador of hope and healing?

Week 4 Did you know...The Catholic Church is deeply committed to protecting children from abuse and holding people accountable for inflicting such pain. In December 2021, the revised *Book VI of the Code of Canon Law* went into effect. This is the most recent of several documents that specifically address the issue of the abuse of children. Other documents include *Vos estis lux mundi* and *Vademecum*. These documents expand the acts which are considered abusive, clarify the manner in which the cases are processed, and hold people accountable for their action or inaction with regard to processing of a case. Of significant importance is attention given to the care of victim survivors and all who have been harmed. Bishops in the US lead the way for these changes with the implementation of the *Charter for the Protection of Children and Young People* 20 years ago. Today every diocese and eparchy must have in place systems for tending to those who have been harmed, protecting those in our care and seeking restorative justice.

Week 5 Did you know...What is happening in the diocese to protect children?

- Training is provided for all adults and youth to identify warning signs and develop strategies for maintaining a safe environment for all.
- A designated Victim Assistance Coordinator is available to receive reports and accompany victims through their journey.
- A volunteer independent Review Board assists the bishop in the review of cases and makes recommendations for moving forward.
- A Safe Environment Coordinator assists parish and school personnel with training and background screenings for anyone who may have access to children.
- An audit is conducted by an independent firm to evaluate implementation of the *Charter for the Protection of Children and Young People*. Findings are incorporated with those of other dioceses and made available in an Annual Report.

Homily Help

...concepts to incorporate into homilies

In a society that emphasizes productivity, pleasure, and independence, it is all the more important to accompany those in need of care and compassion. When a person is in pain and in need, we are called to remind them that they are not alone. When a person has been beaten down and feeling insignificant, we are called to remind them of their worth and the unconditional love that is bestowed upon them.

Reaffirm the gift of childhood. Acknowledge the joy of innocence. As the Lord watches over all of us, so too must we watch over each other. Impress upon each person the moral obligation to care for one another, to respect each other. As a parent nurtures and protects a child, we are also called to protect each other, and intervene if we observe wrongdoing.

Blue Sunday (the last Sunday in April) we are united with the world in praying for the victim survivors of child abuse. Pray they will be rescued. Pray they are placed with caring people. Pray their minds and bodies can heal. Pray they find hope. Pray for those who rescue them. Pray for the witnesses to find courage. Pray for the community to be educated and find ways to support the efforts that will put an end to violence.

Pope Francis has called upon all people to reflect on synodality. We are being asked to journey together, to listen and learn from each other, to discern together what is the will of the Holy Spirit. During this Child Abuse Prevention Month, let us listen carefully to the words of the wounded. Let us walk together on this journey of healing and building trust. The Holy Spirit will light the way through the darkness of evil. But we must take the time to listen, to heed the guidance as we draw the map of our journey to wholeness.
