MEMORANDUM

To: Diocesan Directors of Communication

From: David D. Spesia, Executive Director

Date: December 16, 2022

Re: **National Eucharistic Revival**

Season's greetings! As the first year of the National Eucharistic Revival continues to move forward, I write to provide several updates—and to ask for your help in sharing these with key stakeholders.

As you may know, the main communication tool of the National Eucharistic Revival is the weekly [“Heart of the Revival”](#) newsletter which provides dynamic reflections and videos to help enkindle, rekindle, and deepen a living relationship with Jesus in the Eucharist. We hope to share this invitation to subscribe with every parishioner in the country by using bulletins, social media, parish and diocesan websites, listservs and in any other creative ideas you may have. To complement written invitations, we also have a short [video invitation](#) from our managing editor which can be shared across all platforms.

Here are several other areas of content which we want to highlight from our website, www.EucharisticRevival.org, whose resources are available in both English and Spanish:

- Explore free digital content for ongoing faith formation in the Eucharistic Revival's [LEARN platform](#).
- [Get Involved](#) by signing up to be a Prayer Partner or committing to be a Eucharistic Missionary.
- Check out the [Resources for Ministry Leaders](#), which includes bulletin inserts, prayer resources, and a “Playbook” for leaders.
- Sign up for to receive a notification when registration opens in mid-February for the [10th National Eucharistic Congress](#) in Indianapolis.

Thank you for giving this your consideration—Our Lady of Guadalupe pray for us!
